Instant.

3. Under the revised scale, a Graduate who has passed in Sanskrit and Mathematics has been appointed

on the College Teaching Staff on a salary of Rs 30- a month. The object of his appointment is to provide for the of the College, instruction in English and Arithmetic and other general subjects in addition to Sanskrit. Already two English classes have been opened in the College; one of these has been placed in charge of the newly appointed Graduate and the other under Mr. S. Venkataramaśastri B.A. of the Mysore Sanskrit College, who has been temporarily deputed for duty in the Chámarajêndra Sanskrit College Bangalore continuing, however, to receive pay from the funds of the Mysore Sanskrit College.

One special distinguishing feature in the Course of instruction in this College is that Sanskrit is the only Optional Language which is recognized and taught in the College and that more time is allowed to the teaching of that Language than in any other Anglo-Vernacular Schools.

Sanskrit College Bangalore

At the end of June 1894, the services of one Sethumadhavachar, a teacher in the High School Department of the College was dispensed with and his place was filled up by the appointment of his son, Seshachar. Sethumadhavachar was drawing a S Rs 13-- -- but of this sum, the Committee sanctioned to Seshachar a substantive pay of Rs 7 and a personal allowance of Rs 3/. the balance being utilized for the grant of a scholarship to an advanced student of the Veda Class.

2. The Pay Bill for July 1894 was forwarded to the Comptroller for audit and payment; but that Officer took to the arrangements on the ground they required the sanction of and that no personal allowance could be granted to a newly appointed person. But however, the Comptroller on my representation that the Teachers would be put to great inconvenience by the delay in payment

passed

passed the Pay Bill for July and August provisionally, pending final orders of Government on the subject.

3. Meanwhile, Pandit Gopalashastriar Head Master of the College Department, died on the 14th Instant, and the Committee in a Meeting held on the 15th Instant, have resolved that the post held by the Pandit be abolished, his pay being utilized partly for the grant of increase of pay to certain of the low paid teachers of the College and partly for the award of additional scholarships to students.

4. A statement of the College establishment as revised by the Committee is herewith submitted. According to this the total establishment charges of the College will still be only Rs 3660-- a year, the sum sanctioned for the institution in Govt Pro: No. $\frac{537-41}{L.F.219-93}$ dated 12th July 1894. It is therefore requested that the Govt may be pleased to sanction the adoption of the revised scale from the 1st September 1894

XIV. Memo dated 16th August 189 from Mr V Dn. Narasimmaiengar on the excess of expenditure incurred in 1891—92 on account of the Sanskrit college

Resolution ——— The Board finds that a private School to which the Municipality paid a grant of Rs2 a month was made a Municipal School in 1885, the Board contributing Rs 50/ a month towards the cost. Under the direction of the then Vice President a committee of Management was formed, the Municipality does not appear to have exercised any control over the internal management of the School. As the Board has not at any time controlled the committee it is not possible to decide whether the existing Staff is necessary or

the cost. Under the direction of Rai Bahadur Dr. Srinivasa Charlu the then Vice President a committee of management was formed The Municipality does not appear to have exercised any control over the internal management of the School As the Board has not at any time controlled the committee it is not possible to decide whether the existing Staff is necessary and their salaries are properly adjusted. Two courses are now open (1) to call on the committee to place the School under the control of the Board and then decide whether the present arrangements are proper if the Government should consider such action to be necessary or (2) whether the Municipal contribution may be looked as a grant-in-aid. Under the above circumstances I have the honor to request that the sanction of Government may be obtained for the expenditure

already incurred. The Resolution of the Board is herewith Submitted.

To President, Bangalore

Edn: Secy

From the papers read above, it is clear that the Sanskrit College at Bangalore is not strictly a Municipal Institution. It was long ago established by a private agency and is supported from the funds noted in the margin. In 1885 the then Vice President of the Municipality, who took special interest

interest in the institution placed it, apparently with the consent of the Founders, under the management of a committee, which still continues to manage it. The receipts, and the cost which now amount to Rs 305 per mensem are credited and debited to the Municipal Funds, but beyond this the municipality never exercised any control over it. The Municipal Board now wishes to know whether the Institution should be regarded as simply a grant in aid institution or as a Municipal institution, the Board

Board excercising control over the committee Under any circumstances the Board are willing to continue its grant of Rs 50 per mensem

2. Seeing that the Municipality contributes ~~only~~ less than only one sixth of the cost ~~only~~ and it never exercised any real control over the institution, Govt resolve to direct that from 1st July 1894 the College be treated as a Government Institution and its cost and receipts included in the Educational Budget from the year 1894-95. The College will continue to be managed by

by the existing committee, subject to the control of the Education Secretary. The contributions payable by the Municipality and the Matts above referred to should be collected by the Govt of Bengal and credited to the Education Department to such heads as may be pointed out by the Education Secretary.

3 The salaries &c due to the establishments of the College for June 1894, which are payable in July 1894 and therefore debitable to the accounts of 1894-95 may be paid by the Municipality and the same recovered

No. 17978 dated 24th April 1894 regarding the Bangalore Sanskrit College

Adverting to the above I beg to state that there appears to be an impression that the Bangalore Sanskrit College is a Municipal Institution. But it is not so. The College is purely a grant-in-aid Institution, and is managed by a Committee the present personnel of which is as follows: ——

Rai Bahadur
A. Sreenivassa Charlu (President)
A. Rangaswami Iyengar Esqre B.A.B.L
S. Vaidyanatha Iyer Esqre
Pandit Hosur Venkatrama Sastriar

2. In the year 1885 when the Committee was first organised, the Institution was in receipt of grants to the extent of Rs 280--- per month as noted in the margin*, and the monthly expenditure at the time was only Rs 266-8-- thus leaving a savings of Rs 13-8-- per month. In December 1889 the College charges increased to Rs 301-6- and subsequently they came up to Rs 330-2- (temporarily) and the

A copy of the letter dated 10th December 1889. to the
Municipal Vice-President
on this subject is herewith
submitted

3. In December 1891,
Mr. Vaidyanatha Iyer, the
then Vice-President of the
Municipality intimated
to the College Committee
that the Savings alluded
to above had been ex-
-hausted and that the College

bills should be cut down to the sanctioned grant of Rs 280-... This was done for a month or two by curtailing the Scholar-ships payable to the students; and then a representation was made to the Education Secretary, requesting him to raise the Educational grant. Thereupon the Government were pleased to increase their grant from Rs 100-... to Rs 125-... per month. The income of the College has since stood at Rs 305- per mensem as detailed in the margin* and the expenditure too has been limited.

Sri Sringeri Matt Rs 100.
Paramakala " 30.
Govt. Education Grant 125.
Municipal 50
Total Rs 305-..

limited to that amount.

4 I beg to add that from the very beginning the Municipality have had no concern whatever in the internal management of the College and none of the Municipal Commissioners have ever been members of the College Committee The only connection between the College and the Municipality has all along been that the latter make payments in advance towards the College charges at the beginning of each

month and then
collect on behalf of
the Committee the grants
due from the Matts and
Government and add
their own contribution
thereto. Thus the Municipality
merely act as a sort of
Treasurers to the College;
this arrangement was
originally made by
me with the approval
of the Board during
the time I held the
Municipal Vice-Presidentship,
solely as a matter of
convenience and help
to

to the Institution, as otherwise the teachers instead of getting their pay in the first week of every month would have to wait for their Salaries till the whole of the grants due from the different Sources are collected, which at times takes 2 or 3 weeks in the month.

Sir

I have the honor to state that under orders of the Sanskrit College Committee, the Scale of the Establishment and the list of Stipends and Scholarships have been revised with effect from the 7th of December 1889 The total expenditure according to the revised scale, viz, Rs 301. 6-. exceeds the present monthly receipts, viz, Rs 280/- by Rs 21-6.

I beg that the excess amount

may

may be kindly arranged to be paid out of the savings from the Sanskrit College funds held in deposit by the Municipality.

It is however hoped that ere long the monthly receipts will be increased when the subscriptions promised by Sivaganga and Koodly Matts are begun to be paid more regularly, the subject being under correspondence with the Matts.

Statement shewing the old and revised scales is herewith sent.

The Bangalore Sanskrit College receives a monthly grant of Rs. 100/- from the Provincial Funds, of Rs 50/- from the Bangalore Municipality, of Rs 100/- from the Sringeri matt, and of Rs 30/- from the Parakala matt. The College fund from which Rs 358/- were drawn to meet the expenses of the last official year has been completely exhausted. The President of the College Committee reports that with great difficulty the Committee has been able to reduce the cost of the monthly establishment from Rs 330/- to Rs 305/- and that no further reduction is possible without impairing the efficiency and usefulness of the College. Under these circumstances, Government

Pleased to continue the additional grant of Rs 25/- from Provincial funds temporarily sanctioned in Proceedings C. No. 236-7 dated 22nd December 1891.

Memo.

The application of the Bangalore City Municipal Board for a monthly contribution of Rs 100/- from the Muzrai funds towards the cost of feeding the Students of the Sanskrit College in the Chattram at Bangalore.

The circumstances under which orders were issued directing the feeding of Sanskrit Students in the Government Anna Chattram, Bangalore City are set forth in the Government Proceedings No. M 562-3 dated the 14th March 1892, a printed copy of which is herewith submitted for reference.

2. The chattram in question had a Government annual grant of Rs 763-5-11 or in round amount Rs 764/- only, at the time when its management was made over to the Municipal Board from the Revenue Department; and it is this very amount of Rs 764/- that is specified in para 3 of the Proceedings No. 919-22/67 dated the 26th May 1883 (copy put up herewith), under which the transfer was made.

And after this transfer, the Government grant of Rs 764/- ceased to be paid and the Municipality was carrying on the feeding of the travellers from their own funds, the

Chattram

of

Sc Chattram being one of the institutions they
2. were directed to maintain in lieu of the Police
charges.

3. Subsequently in June 1884 Mr Rice,
the then Education Secretary brought to the
notice of the Dewan the desirability of feeding
in the chattram a few indigent Sanskrit
students as an encouragement for them to
prosecute their studies in the Sanskrit College
which was just then started; and the
question was referred to the Municipal Board
for disposal as they had the management of
the chattram. Just about the same time
the grant of Rs 800/- per annum which was
previously being paid from the Muzrai
funds to the late Govinda Chetty's chattram
in the Civil and Military Station was trans-
-ferred to the City chattram. When the
chattram funds were thus augmented by
a Muzrai grant, the Municipal Board in
their meeting held on the 29th July 1884, passed
a resolution to the effect that a few students
not exceeding ten in number who were not
permanent residents of the town, might be
fed in the chattram. But this resolution
was not given effect to for some years; and
when in the year 1892, this fact was brought
to the notice of Government by the Principal
of the Sanskrit College, the Govt Proceedings alluded
to in the first para of this memo was issued.

4. The cost of feeding 15 students

daily

daily in the Chattram is estimated by the Board at a sum of Rs 56-6-3 per month or Rs 676-11-. per annum, whereas the institution receives an annual grant of Rs800/- or Rs 123-5-. more than the required amount. This excess can fairly be taken to defray proportionately even the necessary Establishment charges, and yet the Municipality applies for a further contribution of Rs 100/- from the Muzrai funds on the ground of the alleged inadequacy of funds to feed the increasing travellers in the chattram.

5. I would here respectfully beg to point out that the Chattram being at present purely a Municipal institution and under Municipal management any extra expenditure which may be caused by increase of travellers should, like other similar charitable institutions under Municipal charge, be met from Municipal funds, the present Muzrai grant to the chattram being evidently intended to feed only the Sanskrit Students.

6. If, however the Municipal Board should be unwilling to undertake the feeding of the Students without an additional grant from the Muzrai Department which, I regret to say, this Department can ill afford to spare the Muzrai Surplus Funds at the credit of the Bangalore District being so very small, I submit that with the present Muzrai grant of Rs800/- I am prepared to make other arrangements for the feeding of the Sanskrit Students independent of the chattram.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 14th March 1892.

MUZARAYI

No. M. 562—3, DATED BANGALORE, 14TH MARCH 1892.

ORDER.—On the 17th June 1884, Mr. Rice, the Educational Secretary, brought to the notice of the Dewan the difficulty felt by some of the Sanskrit students prosecuting their studies in the Sanskrit College at Bangalore, in obtaining food owing to their indigent circumstances and recommended that they might be provided with food and accommodation at the Government Anna Chattram at Bangalore. The Dewan ordered that the matter might be referred to the City Municipality for disposal, as the Chattram was in their management. Thereupon, the Municipal Board at their meeting held on the 29th July 1884 passed a resolution to the effect that, a few students, not exceeding ten in number who were in need might be allowed to be fed in the Chattram. But no effect appears to have been yet given to this resolution. A Muzarayi grant of Rs. 800 per annum is allowed to the Chattram in addition to an annual grant of Rs. 763—5—0 from the Municipal funds. Many poor students who are not the permanent residents of Bangalore, prosecute their studies in the Sanskrit College, and it is represented that they who till now depended upon the bounty of a few well-to-do persons at the place experience much difficulty in obtaining food owing to the present season of scarcity.

2. In these circumstances, Government desire that the Deputy Commissioner, Bangalore District, will make arrangements to provide 15 deserving students of the College, with food daily in the Government Anna Chattram at Bangalore, out of the Muzarayi annual grant of Rs. 800 until further orders.

3. The President of the Sanskrit College will be requested to forward to the Deputy Commissioner of Bangalore, a list showing the names of 15 poor students deserving of encouragement.

It appears that previous
to granting an increase of

the monthly charge of it amounted
to Rs 280 whereas it now
amounts to Rs 305, the increase
being Rs 25. It should be

the head Expenditure the difference of Rs 600 appears the Municipal Contribution provided for. This would show that the Municipality is paying the same Contribution of Rs 50 a month and that no portion of the increase of pay has fallen upon it. 5. The provisions made under the several heads noted hereunder are much in excess of the one-fourth of the sanctioned estimate for the first 12 months of the year. The necessity for this excess requires early explanation :—

6. A sum of Rs. 3,512 spent on account of decorating the town on the occasion of the visits of their Highnesses Gaekwar of Baroda, Maharaja of of Mysore and Raja of Kholhapur is shown under VIII. "P. W. (*k*) Other Works, Original." The resolution of the Board and Government sanction thereto in support of each of the items should be submitted. Such charges should appear not under VIII. P. W. but under "XI. Miscellaneous (*g*) Fairs and Festivals." The bill of actual charges incurred in connection with the reception of His Highness the Gaekwar does not appear to have been submitted by the President though called for so far back as 30th May 1891 (in Chief Secretary's D. O. noted on President's No. 220, dated 25th May 1891.)

	Rs.	As.	P.

2. H. H. Maharaja of Mysore ...	205	0	0
3. H. H. Raja of Kholhapur ...	300	0	0
	3,512	0	0

7. A sum of Rs. 2,197-2—8 is entered on account of Europe medicines of the late Town Hospital. The City Municipality ceased to bear the charges connected with the Hospital since its amalgamation with St. Martha's Hospital in 1887, or 5 years back. It is not therefore clear why this charge is required during the period under review.

3. The estimate under each head represents only the excess of the actual realizations of the 15 months of the year 1891-92 over the sanctioned estimate for the first twelve months of the year and calls for no remark except that no estimate has been entered on account of contribution recoverable for the 3 months from Provincial and District Funds towards the maintenance of the City Suburban roads, the Arlapete Branch Dispensary and the Chattram Hospital. The President should explain the cause of this omission and submit particulars as to contributions if any actually levied in each case.

4. The details of charges are given in the following statement:—

Sanctioning the Budget Estimates of the Bangalore City Municipality for the year 1893-94.

Mysore Govt. Central Press, Bangalore.—28-11-93.—120

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 23rd September 1893.

READ:—

Letters, dated 15th April and 11th May 1893, Nos. 252 and 263 respectively, from the President of the Bangalore City Municipality, submitting the Budget Estimates of the Municipality for the year 1893-94.

No. 5416-9—L. E. 11-93, DATED, BANGALORE, 23RD SEPTEMBER 1893.

ORDER THEREON.—Government observe that in Budget Form No. 1, in the column intended to show "sanctioned estimate for 1892-93," the figures which had been originally proposed by the Board were entered instead of those sanctioned by Government. Such mistakes should in future be carefully guarded against. The necessary corrections have been made in this office.

2. The estimated receipts for 1893-94 exclusive of those relating to the City Improvement Fund which is not included in the Budget, amount to Rs. 1,24,485 against Rs. 1,40,287, the actuals of 12 months of 1891-92 and Rs. 1,11,791, the sanctioned estimate for 1892-93, as shown in the following statement:—

3. *I. Octroi.*—The estimate is based upon the probable collections of 1892-93, which are given as Rs. 25,000. The estimate is fair and is accepted.

4. *II. Tax on Houses.*—The normal demand under this head is only Rs. 20,000, but the President expects in the ensuing year an income of Rs. 30,000 by the revision of the tax. It is premature to anticipate such a large increase before the tax is actually revised. Pending the early submission of a report on the result of the revision of the tax, the estimate will be reduced to Rs. 25,000.

5. *III. License Receipts.*—The increase of Rs. 1,270 under "Liquor Licenses" is not explained. The estimate will be reduced to Rs. 13,000. The increase under "(*b*) Other Licenses" is stated to be due to the proposed enhancement of slaughter house fees from one anna to 3 annas per head of cattle slaughtered. The proposal has not as yet been sanctioned. Therefore the estimate under this head will be reduced to Rs. 2,500, the actual collections of 1891-92.

6. *VII. Mohatarfa.*—The estimate under this head is the same as that sanctioned for 1892-93, but looking to the actuals of 1891-92, it will be raised to Rs. 19,600.

7. *IX. Fines.*—The estimate is based upon the probable collections of 1892-93 which amounted to Rs. 400. This however being an uncertain item, the estimate will be reduced to Rs. 100.

8. *X. Miscellaneous.*—The large decrease under this head compared with the actuals of 1891-92 is due chiefly to the marginally noted items of a non-recurring nature having been credited in the accounts of 1891-92, no such receipt being expected in 1893-94. The details of the estimate for 1893-94 under "X. Miscellaneous—(*m*) Contributions" are given below as contrasted with those of the sanctioned estimate for 1892-93:—

		Rs.
1.	Sale of lands in the Western Extension...	6,546
2	Jubilee Fund	2,899
3.	Special Improvements ...	11,193
4.	Refunds (decrease from 8,939 in 1891-92 to 200 in 1893-94) ...	8,739
5.	Other items (decrease from Rs. 2,988 in 1891-92 to Rs. 700 in 1893-94) ..	2,288
	Total.....	31,665

Items.	Details.	Estimate for 1892-93.	Estimate for 1893-94.	Estimate sanctioned by Government.
1	Contribution for Subarban roads...	3,600	3,600	3,600
2	Do District Fund roads	1,000	1,000	1,000
3	Do for Government Chattram	800	...	800
4	Do Aralepete Dispensary	411	577	411
5	Do Chattram Hospital	1,248	1,573	1,440
6	Do for Aralepete Dispensary for April, May and June 1892	1,121	...	...
	Total.....	8,180	6,750	7,251

9. *Item* 3.—The omission of the Government grant of Rs. 800 under this head is due to the resolution of the Board to transfer the Government Chattram to the Muzarayi Department. As this resolution has been vetoed by Government in Proceedings, dated 18th July 1893, No. 795—L. F. 421-92, the usual estimate of Rs. 800 will be entered in the present Budget.

10. *Items* 4, 5 *and* 6.—The sums payable towards the cost of the "Aralepete Dispensary" and "Chattram Hospital" are not Rs. 577 and Rs. 1,573 as

erroneously entered in the Budget, but only Rs. 411 and 1,440 respectively, being two-thirds of the entire cost of these institutions amounting to Rs. 616 and 2,159. The correct figures will be adopted in the Budget.

11. The total estimate under "(*m*) Contributions" will thus amount to Rs. 7,251.

12. *Grants-in-aid.*—The estimate under this head does not include the contribution payable by the Sivaganga Matt, in regard to which certain information was called for in para 15 of Government Proceedings, dated 31st January 1893, No. 13214-19—L. F. 272-92. The estimate will be passed but the information called for must be submitted at an early date.

13. The estimated receipts as above sanctioned come to Rs. 1,16,736.

14. The opening balance is given as Rs. 27,377, but according to Government Proceedings, dated 18th July 1893, it is only Rs. 20,780, which will be adopted in the Budget.

15. Adding to the above balance the estimated income, Rs. 1,16,736, the sum available for expenditure during 1893-94, is Rs. 1,37,516, of which Rs. 1,13,777 are proposed to be expended as shown in the following abstract statement, leaving a balance at the end of the year of Rs. 23,739:—

16 *II Head Office*—Including the sum of Rs 450 on account of the marginally noted items, which are erroneously included under "XI Miscellaneous" though they should properly appear under this head, the total estimate comes to Rs 7,803 The increase of Rs. 1,385 compared with the sanctioned estimate for 1892-93 is the result of a gross increase of Rs. 1,785 in the marginally noted items and of a gross decrease of Rs. 400 under "Audit charges"

		Rs.
1	Office Furniture	... 200
2	Purchase of Journals, &c	... 150
3	Postage labels ...	... 100
	Total	450

17. *Item I.*—A sum of Rs. 1,200 is provided in the Budget on account of the allowance of the Vice-President, while under Government Proceedings, dated 3rd April and 19th June 1893, Nos. 16298 301—L F. 197-92 and 20906-7—L F 197-92 respectively, the amount that has to be entered on account of his pay (Rs 200) and carriage allowance (Rs. 100) is Rs 3,600. The latter figure will be inserted in the Budget in lieu of Rs 1,200 proposed.

		Increase Rs

2	Record keeper	180
3	Mutchi	120
4	Contingencies to be raised from Rs 120 to 180	60
5	Office Furniture	50
6	Purchase of Journals ...	100
7	Postage labels	75
	Total.....	1 785

18 *Items 2 and 3.*—The Board consider that the employment of a Record-keeper on Rs 15 is absolutely necessary to arrange the records, which are in utter confusion and to maintain them in proper condition. Moreover the President proposes the employment of a Mutchi on the ground that the more valuable time of Clerks is often wasted on work, which a less expensive Mutchi can and ought to do. Accordingly a sum of Rs 300 is newly entered on this account The employment of a Mutchi on Rs. 10 is sanctioned permanently and of a Record-keeper temporarily for one year. Government expect that before the expiration of the period all the Municipal records will have been properly arranged, and the existing Clerk and *Record-keeper* on Rs. 25 per mensem should be able to maintain them in proper order thereafter.

19. *Item* 4—The enhanced provision under "Contingencies" is approved.

20. *Items* 5, 6 *and* 7—The necessity for the increases proposed is not explained. The estimates will however be retained, subject to explanation

21. The omission of the provision for audit charges is due to the annual audit having been recently substituted by monthly audit in the Comptroller's office.

22 The provision under "II. Head Office" as now sanctioned thus amounts to Rs 10,203.

23 *III Collection*—(*a*) *Octroi*—In view to reduce the charges under this head, the President proposes to dispense with the services of the Deputy Inspector and 5 Peons and to make no provision on account of Peons, badges and states that no further reductions in the still high percentage (18) of charges can be made except either by leasing out on contract the collection of Octroi or by increasing the number of dutiable articles without increasing the establishments. Government are not now prepared to pass orders on the question of farming out the Octroi collections nor can the dutiable articles be increased until the Municipal Regulation now under the consideration of Government is passed Meanwhile however the proposal to dispense with the services of 5 Peons and to omit the provision for Peons' badges is approved. The usual provision on account of the salary of the Deputy Inspector will be inserted in the

Budget, pending the receipt of information called for in Government Proceedings, dated 17th July 1893, No. 688—L. F. 272-92.

24. *III. Collection.—(b) House and Mohatarfa taxes.*—The provision of Rs. 334 sanctioned in the Budget of 1892-93 on account of the pay of the City Amildar is omitted in the present Budget and in lieu thereof a sum of Rs. 120 is newly entered on account of the pay of a Gollar on Rs. 5 and a monthly increase of Rs. 5 proposed to the salary of the Shroff, who now draws Rs. 10 per mensem. This accounts for the net decrease of Rs. 214 under this head. The omission of provision for the pay of the City Amildar is in accordance with Government Proceedings, dated 27th February 1893, No. 14414-5—L. F. 197-92. As the Board consider that the employment of a Gollar and an increase to the Shroff are very necessary, Government are pleased to sanction the same and approve of the provision made in the Budget.

25. *IV. Conservancy.—(a) Establishment.*—The Board propose to do away with the services of the main Road Overseer as unnecessary and recommend in lieu thereof the employment of 20 additional sweepers on Rs. 5 each and the retention of all but 2 Dafadars of the * temporary establishments disallowed in Government Proceedings, dated 31st January and 18th July 1893, Nos. 13214-9—L. F. 272-92 and 778-83—L. F. 272-92 respectively, on the ground of the utter inadequacy of the present strength of the sweepers to meet the wants of the City. The proposed employment of 20 additional sweepers at Rs. 5 each is sanctioned, but the Government consider that a further temporary establishment of 9 sweepers costing Rs. 45—12—0 per mensem is unnecessary and the provision made therefor will be struck out. The provision of Rs. 72 made for extra wages to 12 sweepers for working on Sundays will be retained, but the President should endeavour to avoid the expenditure. Surely with 212 sweepers the President should be able to arrange for 12 of them to work by turns on Sundays without additional wages, which are not allowed in the Cantonment. Under temporary establishment provision is made for a permanent dog-killer at Rs. 6 per mensem. The President is requested to state whether the usual rewards are paid to him in addition to his salary, whether one man is enough to do the work throughout the City and whether it would not be better to assign the work, as is done in Madras, to a number of professional men during the season when dogs are killed instead of employing a hand throughout the year. Pending information the provision made will stand. The total sanctioned estimate under this head subject to the explanation called for is Rs. 14,382.

	Extra wages for 12 Sweepers working on Sunday	...	6	0	0
		Total.....	57	8	0

26. *IV. Conservancy.—(b) Other charges.*—The decrease is due to the omission of the estimate on account of the purchase of carts (for which Rs. 500 were sanctioned in 1892-93) and to the lower rate (Rs. 12) proposed to be allowed for each cart hired during 1893-94 instead of the higher rates sanctioned in 1892-93 on account of the unfavorableness of the season. The estimate is passed.

27. *VII. Lighting.*—The usual provision for a Lighting Inspector is omitted in the present Budget and an increase of Rs. 1,000 is entered to light 84 additional lamps during the year. The provision will be retained. The estimate of Rs. 1,750 made in the Budget of 1892-93 for purchase of lamp-posts and lanterns is repeated in the Budget for 1893-94. The necessity for repeating the estimate should be explained and the information called for in para 15 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92, submitted. Meanwhile, the provision will stand.

28. *VIII. Public Works. (a) Supervision.*—The following items entered in the Budget for 1893-94 account for the increase of Rs. 144 over the estimate sanctioned for 1892-93 :—

		Rs.
(1)	Increase to the pay of the Watchmen at the Lal-Bagh well ...	12
(2)	Do do at Hutchanna's well ...	24
(3)	Allowance to Sub-Overseer for 12 months instead of for 6 months entered in the Budget for 1892-93	60
(4)	Watchman at the Fort Karanji	48
	Total.. ...	144

29. *Items 1 and 2.*—Having already been sanctioned in the marginally noted Proceedings, the provision made for the same is approved.

1. No 1909-10—L. F 272-92, dated 1st January 1893.
2. No. 1991-2—L. F. 11 93, dated 3rd August 1893.

30. *Item 3.*—The increase is due to the provision made in the present Budget for 12 months for the allowance of the Sub-Overseer, while the Budget for 1892-93 provided the charge for 6 months only in accordance with Government Proceedings, dated 13th February 1893, No.13704-5—L. F. 272-92.

31. *Item 4.*—This was struck out from the Budget for 1892-93, and it is not explained why it is entered again in the Budget for 1893-94. Pending explanation, the provision will be struck out.

32. *VIII. Public Works. (a) Road Watering Establishment.*—The details of the provision are noted hereunder.—

		Rs
(1)	2 Gardeners for Chattram Hospital	144
(2)	2 do for Fort avenues during rainy season or 6 months at Rs 6 each ... . } 4 do for the remaining portion of the year or 6 months at Rs 6 .. .. }	216
	Total.....	360

33. *Item 1.*—Gardeners for the Chattram Hospital were sanctioned for only one year. It is not explained when they were employed and why provision for another whole year has become necessary. The matter should be explained. Meanwhile the provision will be retained.

34. As regards *Item 2.* Government consider that the establishment proposed is too large for the up keep of avenues within the small area of the Fort and that the work may with advantage be entrusted to the ordinary Public Works and Conservancy establishments, 2 or 3 temporary coolies being employed during the hot weather for watering plants of short growth. The President is requested to ascertain the wishes of the Board in the matter and report the same with his opinion thereon. Pending the receipt of this information, the provision will be allowed to stand.

35. *VIII. Public Works. (b) to (o) Works.*—Exclusive of the provisions made for the foregoing establishments, the allotment of Rs. 33,328 proposed for works to be undertaken during 1893-94 is passed, subject to the submission of Estimates and Notifications of sanction.

36. *IX. Charitable Grants* —The details under this head are given below :—

h	Other items. Ward for Incurables	700	700
	Total Rs ..	17,813	15,152

37 *IX. Charitable Grants (a) Dispensaries* (1) —The decrease is due to the omission of the usual provision in the Budget for 1893-94 on account of the pay of the Hospital Assistant in charge of the Market Dispensary and of the cost of Europe Medicines, which the President proposes to transfer to Provincial, as such charges are debited to that head in regard to all Local Fund Dispensaries. Pending the issue of final orders on a separate reference submitted by the President in regard to the proposed transfer, the usual provision will be entered in the Budget on account of Europe Medicines and the pay of the Hospital Assistant as recently increased under Proceedings, dated 15th April 1893, No 17023-5—L. F 350-92

38. *IX. Charitable Grants. (a) Dispensaries* (3).—A servant on Rs. 4 per mensem is proposed to be allowed to the Itinerant Medical Officer Pending the receipt of the information called for in Government Proceedings, dated 1st August 1893, No 1911—L F 272-92, this will be struck out. The estimate will stand at Rs 650, which shows a decrease of Rs. 95 from last year's estimate owing to the removal of the Native Pandit from 1st March 1893.

39. *IX (b) Hospitals, Chattram Hospital.*—The Budget makes no provision for the pay of the Hospital Assistant apparently on the ground that the pay of Hospital Assistants in Local Fund Dispensaries in the Province is met from Provincial Funds. The Government having in their Proceedings, dated 29th August 1892, No 3177-89—L F 91-92 directed that the cost including the pay of the Hospital Assistant should be borne by the Municipality and Local Funds General in the proportion of one-third and two-thirds, the necessary provision for the Hospital Assistant's pay will also be made in the Budget. The Government observe that the pay of the Hospital Assistant employed in the Market Dispensary is also borne by the Municipality entirely. If the President considers that the pay of the Hospital Assistants in these two Dispensaries should be debited to Provincial, he should make a separate reference giving his reasons A sum of Rs 487* was sanctioned for 1891-92 on account of initial cost of the Chattram Hospital A provision of Rs. 287 is again made on that account in the Budget for 1893-94, the necessity for the same not being explained. Another sum of Rs. 600 is also entered on account of medicines, bedding, &c. The President is request-

ed to explain whether the sum sanctioned for 1891-92 for initial cost was actually spent or not, and if spent, why provision was again made Meanwhile, the estimate will stand

40. *IX (d) Maternity*—The following omissions made in the Budget for 1893-94 account for the decrease under this head —

		Rs
(1)	Gardener for 1 month ...	7
(2)	Do	3
(3)	Do additional female servant ...	6
(4)	Europe medicines . ..	250
		266

41 *Item* 4.—The Board propose to transfer the cost of Europe medicines to Provincial, and make no provision whatever on that account in the present Budget. In lieu thereof the provision of Rs 638 on account of "Extra diet charges" and "Bedding and Clothing," which were specially sanctioned for one year in 1892-93, is repeated in the present Budget. In regard to the proposal to debit to Provincial the cost of Europe medicines, the President is requested to submit a separate reference and to explain the necessity for the charge of Rs. 638 referred to Pending such reference and explanation, the usual provision will be entered in the Budget for Europe medicines, but the item of Rs. 638 will be struck out Government observe that the Maternity and its management was made over to the control of the Municipal Board in lieu of the Police charges At the time of the transfer its maintenance cost was Rs. 1,800 only but it now costs over Rs 4,000 in spite of the fact that the Municipality has been relieved of the pay of the supervising Medical officer Considering the paucity of funds for roads and drainage, the Municipality should see what retrenchments can be effected in regard to the Maternity and submit their proposals for the approval of Government

42. (*e*) *Langarkhana*—The services of the Supervisor and Sweeper are proposed to be done away with, the distribution of grain doles at the Langarkhana being substituted by money doles in the Municipal office. Accordingly no provision has been made in the Budget on account of the pay of the two servants referred to, the allotment for doles being raised from Rs 1,686 to Rs 2,686 which includes the special grant of Rs 1,000 sanctioned for 1892-93, on account of the unfavorableness of the season and the consequent rise in the price of grain It is not explained, why the special provision of Rs 1,000 is repeated in the Budget for 1893 94 Meanwhile, the increased provision will be struck out and the usual allotment of Rs. 1,800 entered in the Budget for charges connected with Langarkhana. The above provision includes the pay of a Goller in regard to retention of whose services, the President has been requested to submit further information, *Vide* Government Proceedings, dated 3rd October 1893, No 6401—L. F 12-93.

43. *Chattram.*—In view to transfer the management of the Chattram to the Muzarayi Department, the President provides under this head Rs. 764 only being the net amount expended annually from Municipal Funds, exclusive of Rs 800 contributed from Muzarayi funds. As the Government declined to sanction the transfer of the management of the institution to the Muzarayi Department in Proceedings, dated 18th July 1893, No 795—L. F. 431-92, the provision of Rs 764 made in the Budget to meet the net expenditure hitherto incurred from Municipal funds will be raised by Rs 800 to meet the total cost of the institution. The details for the provision of Rs. 1,564 should be furnished at an early date.

44. *Pilgrims Chattram.*—The provision of Rs. 500 proposed on account of the maintenance of this Chattram will be retained subject to further orders on the receipt of the information called for in para 22 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92.

45. *IX. Charitable Grants. (g) Orphanage.*—The diminished provision, which is tated to be sufficient to meet the actual requirements, is sanctioned.

46. *IX. Charitable Grants. (h) Ward for Incurables.*—The proposed estimate under this head will be tentatively retained, subject to the early submission of proposals for the reduction of charges, called for in para 24 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92.

47. The total provision under IX. Charitable Grants as above sanctioned amounts to Rs. 16,578.

48. *X. Education.*—The following items are provided under this head:—

Items.	Details	1892-93.	1893-94
1	Grant-in-aid towards Sanskrit College	3 660	3 660
2	City Municipal Anglo-Vernacular School . .	5 518	5 548
3	Kannada Boys'School	2 065	2 130
4	Grants-in-aid to Schools	192	192
5	Oriental and Mixed Library	300	300
	Total Rs.....	11,735	11 830

49. *Item* 2. *City Municipal School.*—The sanctioned provision for 1892-93 under this head is only Rs. 5,206 and not Rs. 5,518 as erroneously entered in the Budget. Including the sum of Rs. 30 proposed to be added on account of the maintenance of a water-shed during hot season, the correct estimate is Rs. 5,236 (and not Rs. 5,548 as erroneously entered) which includes Rs. 215 specially sanctioned in 1892-93 on account of furniture purchased for the school. As the necessity for the repetition of this item of Rs. 215 has not been explained, the same will be struck out, but the new provision for water-shed, which is stated to be necessary is approved.

50. *Item* 3. *Kannada Boys' School.*—The estimates sanctioned under "furniture" for 1892-93 was Rs. 28 and not Rs. 16 as entered in the Budget. The estimate of Rs. 16 for 1893-94 will not however be disturbed. A new provision of Rs. 372 is made on account of increases to deserving Masters, &c., which the Board sanctioned, but which were disallowed by Government. The President is requested to explain why the disallowed provision has been re-inserted, and to furnish the information called for in Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92. Pending explanation the provision will be struck out.

51. The total sanctioned estimate under "X. Education" will thus amount to Rs. 10,931.

52. *XI. Miscellaneous.*—The provision made under this head is for the marginally noted purposes.

	1892-93.	1893-94.
(*b*) Refund of excess collections	50	50
(*c*) Cattle-pounds ...	450	600
(*d*) Rewards to dog and snake killers ...	250	250
(*e*) Gardens	882	480
(*f*) Pension charges ...	600	100
(*g*) Fairs and festivals ...	550	250
(*h*) Other items ...	248	850
	3,030	2,580

53. *XI.* (*c*) *Cattle pounds.*—The increase under this head is due to the provision made in the present Budget for the whole year on account of the recently established pound at the Alsur Gate, for which a provision for six months only was sanctioned in 1892-93 and on account of the pay of the Watchman for the Pound near the Market sanctioned in Government Proceedings, dated 15th May 1893, No. 18994-5—L. F. 272-92, the provision for "Rewards to impounders and fodder charges" being reduced from Rs. 180 to 132. As under Government Proceedings, dated 4th February 1893, No. 13279-89—L. F. 139-92, no rewards are payable to seizers of cattle, the Deputy Commissioner is requested to state what portion of the sum of Rs. 132 is intended for payment of rewards in view to the necessary reduction being made under this head. Pending explanation, the estimate will not be disturbed.

54. *XI.* (*i*) *Gardens.*—In the present Budget the marginally noted 2 items have been omitted and in lieu thereof a sum of Rs. 118 is entered newly to meet the salaries of temporary hands to be entertained during hot weather and a further sum of Rs. 60 for a Gardener to be employed at the Flower Garden near Alsur Gate. The usual provision of Rs. 240 on account of the Native Music will be inserted, pending the submission of the report called for in Official Memorandum, dated 1st July 1893, No. 12—L. F. 272-92. But Government doubt the expediency of the proposed employment of a gardener on a pay of Rs. 5 per mensem for the Flower Garden near the Cenotoph. The garden measures only about 400 square feet, and the exclusive services of a Gardener for this small garden seems to be unnecessary. The President is requested to explain, how the garden was looked after hitherto, and whether the watchman at Hutchanna Bhavi whose pay has been now raised from Rs. 3 to 5 cannot be made to look after this garden also. Meanwhile, the provision made on this account will be struck out. The lump sum estimate of Rs. 118 on account of extra Gardeners will be retained.

	Rs.
(1) Native Music ...	... 240
(2) Four Garden Kabbats	... 240
	480

55. *XI.* (*f*) *Pension charges.*—In accordance with the Resolution of the Municipal Board, dated 28th February 1893, the provision of Rs. 600 hitherto made under Government Proceedings, dated 20th February 1885, Camp No. 109, is proposed to be reduced to Rs. 100 which is stated, to be sufficient for the actual requirements. The proposal is sanctioned.

56. *XI.* (*g*) *Fairs and festivals.*—The deminished provision of Rs. 250 made in the present Budget for the "City Market Show" will be sanctioned.

57. *XI. Miscellaneous.* (*h*) *Other items.*—The marginally noted increases are included under this head. The necessity for the same not being explained, the provision will be reduced by Rs. 300.

The President explained it was due to the Matt having remitted the amount December 1888 notwithstanding all reminders. The President thereupon requested to obtain from the Matt and ascertain whether it was willing or not to continue the subscription owing to the promise contained in Sreenivasa referred to in

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1890.

(2) *Octroi.*—The estimate under this head is fair and is sanctioned.

(3) *II. Tax on Houses.*—The slight increase in the estimate over the actuals of 1888—89 is stated to be due to the increase in the Jamabandi settlement for 1889—90. The estimate is passed.

(4) *III. License Receipts.*—The increase of Rs. 905 over the actuals of 1888—89 under (*a*) Liquor shops is stated to be due to the opening of a new shop and to the expected increase in the sale of arrack during 1890—91. The estimate is passed.

(5) *VII. Mohatarfa.*—As in the case of the house tax, the increase of Rs. 2,870 over the actuals is ascribed to the increase in the Jamabandi settlement for 1889—90. The estimate is approved.

(6) *VIII. Rents.*—The increase of Rs. 1,732 over the actuals of 1888—89 is under the following items :—

		Increase.
(*c*)	Markets	309
(*d*)	Shops	985
(*e*)	Lands	438

The estimate is stated to have been based on the rents now actually realized and it is sanctioned.

(7) *IX. Fines.*—The decrease under the head is small and calls for no remark.

(8) *X. Miscellaneous.*—The decrease under this head compared with the actuals of 1888—89 is the result of a gross decrease of Rs. 2,927 and a gross increase of Rs. 1,248 in the items shown in the margin. The decrease in (*a*) is stated to be due to the small number of building sites remaining to be disposed of, that under (*b*) refunds to the improbability of large recoveries in 1890—91 and that under (*g*) to the non-existence of large arrears. The decrease under "Contributions" has not been explained. The omission should be supplied. Meanwhile the estimate will stand. The Deputy Commissioner should state whether the provision of Rs. 3,600 under "Suburban Roads" entered under Contributions includes the maintenance allowance of District Fund roads transferred to the District Headquarter Municipalities with effect from 1st April 1890 under Public Works Department Circular dated 20th December 1889, No. 97—98. The increase under (*f*) School fees is mainly due to the inclusion of fees from Kannada School transferred to the Municipality under Proceedings dated 31st July 1889, No. 1971, Educational Department : that under (*i*) Sale of grass is due to the sale of grazing lands in the Fort recently transferred to the Municipality and that in (*n*) Other items is the result of small increases in a number of items.

(10) The estimate of receipts sanctioned thus amounts to Rs. 1,02,353. Adding to this, the opening balance of Rs. 21,498, the sum available for expenditure during 1890—91 is Rs. 1,23,851, of which Rs. 1,08,133 are proposed to be expended, leaving a balance of Rs. 15,718, which is less than twenty-five per cent of the receipts by Rs. 9,870.

(12) *II. Head Office*.—The increase of Rs 521 over the actuals of 1888—89 is chiefly due to the increase of pay sanctioned to the Collector and *Ex-officio* Manager and to the Clerk and Record keeper during 1889—90. The estimate which is the same as that sanctioned for 1889—90 is passed.

(13) *III Collection*.—The provision under the head is according to the sanctioned scale and is approved.

(14) *IV Conservancy and V. Registration of Births and Deaths*.—The increase under these heads is small and calls for no remark.

(15) *VII. Lighting*.—The provision under this head exceeds the actuals of 1888—89 by Rs 3,302 and the sanctioned estimate of 1889—90 by Rs. 780. The increase over the actuals is stated to be due to the increased demand for lights in the City and also to the charges required to light the Fort recently transferred to the Municipality. The estimate is passed.

(16) *VIII Public Works*.—The provision under the head consists of—

	Rs.
(1) Supervision Establishment	1,952
(2) Works including Rs 924 on account of Kabbat Establishment	40,100
Total....	42,052

The estimate is larger than the actual expenditure during 1888—89 by Rs 11,450. The provision must be reduced, as the closing balance is less than one-fourth of the receipts The Government accordingly reduce the estimate as shown below. The Deputy Commissioner will submit details for the amounts sanctioned.

(b) Roads, original ...	5,000	4,000	1,000
(d) Drains, original ...	5 000	4,000	1,000

(o) Reserve	2,000	1,000	1,000
Total Rs 19,700		14,500	5,200

(17) *IX. Charitable Grants.*—The increase of Rs. 489 over the actuals of 1888—89 is the result of a gross increase of Rs. 982 and of a gross decrease of Rs. 493 in the items noted in the margin. The increase under Dispensaries is due to the provision made on account of the Itinerant Medical officer and a Compounder recently sanctioned, but as the provision does not include the charge allowance recently sanctioned to the Hospital Assistant attached to the Branch Dispensary, the estimate will be raised by Rs. 180. The other variations are small and do not call for remark.

(18) *X. Education.*—The details of the charges provided under this head are as noted in the margin. The decrease compared with the sanctioned estimate for 1889—90 under Item (1) is not explained. The Municipality proposes to pay during the year Rs. 3,360, of which Rs. 2,760 are expected to be realized from sources mentioned in para 9 *supra*. The provision will be allowed to stand.

(19) *Item 2.—Town Municipal School.*—The increase under this head compared with the sanctioned estimate for 1889—90 is due to the proposed revision in the number and salaries of Teachers and to the provision of Rs. 250 newly made on account of the rent of a portion of the School and the purchase of prize books. The increases provided are sanctioned and the estimate approved.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1890.

(20) *Item 3.—Kannada Boys' School.*—A provision of Rs. 1,600 is newly entered on this account. This institution, which was hitherto maintained from Provincial Funds, was transferred to the Municipality under Proceedings dated 31st July 1889, No. 1971, Educational Department. The cost of the establishment when the transfer took place was only Rs. 1,236 and it is not explained why a provision of Rs. 1,600 is made. The omission should be explained Meanwhile the estimate will stand.

(21) *Item 4.—Government Girls' School.*—The Girls' School is maintained from the Provincial Funds and the Municipality has simply its management. The grant made by Government on account of the purchase of books and prize articles is only Rs. 400 and it is not stated why Rs. 580 are provided. The estimate will be reduced to Rs. 100. If the latter sum is not sufficient, application should be made for an additional grant from Provincial Revenues.

(22) *Item 5.—Grants in-aid to Schools.*—The large decrease under the head is due to the Municipality having been relieved of the charges on account of grants-in-aid to schools in the Bangalore City to the extent of Rs. 9,552 (*vide* Proceedings dated 31st July 1889, No. 1971, Education Department, quoted above). The estimate under this head is passed.

(23) *Item 6.—Oriental and Mixed Library.*—A sum of Rs. 240 has been newly entered on account of the Library. The charge having already been sanctioned in Proceedings dated 13th November 1889, No. 6464-5—713, the provision will be retained.

(24) *XI.—Miscellaneous.*—The increase under this head is chiefly in (*f*) Pension charges, for which Rs. 600 are as usual provided, though the actuals of 1888—89 were only Rs. 91. The estimate is passed.

(25) With these remarks and subject to the explanations called for, the Budget Estimates of the Bangalore City Municipality are sanctioned as detailed in the accompanying appendices, of which the following is the abstract:—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial) —dated 10th June 1891.

I Octroi —In their Proceedings dated 11th January 1891, No 11051—530, the Government sanctioned the imposition of duty on Kerosine oil and the reduction of duty on Tobacco, in the event of the Cantonment Municipality agreeing to introduce similar rates within their limits With reference to this, the President estimates Rs 2,000 under Kerosine oil, but under Tobacco he estimates an increase instead of decrease, as the collections within the last 12 months have increased As no Octroi duty has yet been introduced into the Cantonment Municipality, it is premature to make an estimate under "Kerosine oil", which will therefore be struck out The estimates under the other items will be retained as they are stated to have been based on the actuals of 1890, which, however, have not been given in the Budget Statement The estimate under Octroi will thus be Rs. 20,625

II Tax on houses &c —The demand for house sites is stated to be on the increase and new houses are likely to come into existence during 1891—92 Hence the increased estimate, which is passed

VII Mohatarfa —The estimate for 1890—91 was passed as it was stated that it was based on the Jamabandi of 1889—90, but the actuals of that year (1889—90) amounted only to Rs 15,885, and there is no reason for putting the estimate for 1891—92 at a higher figure The estimate will be reduced to Rs 16,000.

X Miscellaneous —It is not explained what the actuals under (*b*) Loans and Refunds were and why a reduced estimate is made for 1891—92 The omission should be supplied The estimate under "(*m*) Contribution" is apparently based on the estimate for 1890—91, which includes a special grant of Rs 1,000 made by the Public Works Department under special circumstances, but this cannot be expected during 1891—92 unless there are special reasons, which are not stated The estimate will therefore be reduced to Rs 4,800. The variations under other items are small and call for no remark.

XII Grants-in-aid.—The estimate under this head is accepted, but the President is requested to submit the information called for in Para 2 of Government Proceedings dated 15th September 1890, No 7786-8—883, in regard to the contribution payable by the Sivaganga Matt to the Sanskrit College at Bangalore

The receipts of this Municipality as now sanctioned amount to Rs 1,01,508 Adding to this, the opening balance of Rs 14,500, the sum available for expenditure during 1891—92 is Rs 1,16,088, of which Rs 1,07,450 are proposed to be expended, leaving a balance of Rs 8,638, which is less than 25 per cent of the receipts by Rs 16,759 The proposed expenditure has therefore to be reduced by at least Rs 12 000 The Budget statement of charges will therefore be returned with a request that it may be revised and resubmitted, limiting the expenditure to Rs 96,000, instead of to Rs 1,07,923, as now estimated A portion of the establishment charges is now shown under Miscellaneous This is not right All establishment charges should appear either under 'II Head Office," 'III Collections" or "VIII Public Works" and the necessary transfers should be made in the revised Budget to be submitted All establishment entertained for the supervision of Public Works should be exhibited under "VIII Public Works (*a*) Supervision" and not partly under that head and partly under "(*d*) Drains" as has been now done. Every endeavour should be made not to allow the cost of establishment for the supervision of Public Works exceed 10 per cent of the works The Government have no wish to interfere with the discretion of the Municipal Commissioners in revising their establishments, but it is absolutely necessary that a working balance of at least $\frac{1}{5}$ of the annual receipts should be maintained at the end of the year It should be clearly understood that no proposals, which are calculated to diminish the closing balance below Rs. 20,000, will be sanctioned by Government

The revised estimate of charges should be submitted as soon as possible.

Letters from the President of the Bangalore City Municipality, dated 13th April and 11th May 1891, Nos 46 and 147, respectively, submitting the Estimates of the Bangalore City Municipality for the year 1891—92

No. 2856-7—L. 215, DATED 10TH JUNE 1891.

ORDER THEREON —The Government resolve to review the Budget Estimates of the Bangalore City Municipality for the year 1891—92.

Receipts.

2 The estimated income of the Municipality for the year 1891—92 is Rs 1,06,038 against Rs 1,00,171, the actuals of 1889—90 and Rs. 1,03,353, the sanctioned estimate for 1890—91 as shown in the following statement It must be here remarked that the Budget statements have not been prepared in accordance with the instructions contained in Official Memorandum, dated 8th December 1889, No 6861-70—157 In column 5 of the Statement No. I, the actuals of the 1st half of 1889—90 are given instead of the probable collections and expenditure of the 2nd half of 1890—91. The former figure serves no purpose The President is requested to take due notice of the carelessness of the clerk who prepared the Budget statement The Vice-President, under whose orders the statement was prepared, should have noticed it

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 10th June 1891.

I Octroi.—In their Proceedings dated 11th January 1891, No. 11051—530 the Government sanctioned the imposition of duty on Kerosine oil and the reduction of duty on Tobacco, in the event of the Cantonment Municipality agreeing to introduce similar rates within their limits. With reference to this, the President estimates Rs. 2,000 under Kerosine oil, but under Tobacco he estimates an increase instead of decrease, as the collections within the last 12 months have increased. As no Octroi duty has yet been introduced into the Cantonment Municipality, it is premature to make an estimate under "Kerosine oil", which will therefore be struck out. The estimates under the other items will be retained as they are stated to have been based on the actuals of 1890, which, however, have not been given in the Budget Statement. The estimate under Octroi will thus be Rs. 20,625.

II Tax on houses, &c.—The demand for house sites is stated to be on the increase and new houses are likely to come into existence during 1891—92. Hence the increased estimate, which is passed.

VII Mohatarfa.—The estimate for 1890—91 was passed as it was stated that it was based on the Jamabandi of 1889—90, but the actuals of that year (1889—90) amounted only to Rs. 15,885, and there is no reason for putting the estimate for 1891—92 at a higher figure. The estimate will be reduced to Rs. 16,000.

X Miscellaneous.—It is not explained what the actuals under (*b*) Loans and Refunds were and why a reduced est mate is made for 1891—92. The omission should be supplied. The estimate under "(*m*) Contribution" is apparently based on the estimate for 1890—91, which includes a special grant of Rs. 1,000 made by the Public Works Department under special circumstances; but this cannot be expected during 1891—92 unless there are special reasons, which are not stated. The estimate will therefore be reduced to Rs. 4,800. The variations under other items are small and call for no remark.

XII Grants-in-aid.—The estimate under this head is accepted, but the President is requested to submit the information called for in Para 2 of Government Proceedings dated 15th September 1890. No. 7786-8—883, in regard to the contribution payable by the Sivaganga Matt to the Sanskrit College at Bangalore.

The receipts of this Municipality as now sanctioned amount to Rs. 1,01,508. Adding to this, the opening balance of Rs. 14,500, the sum available for expenditure during 1891—92 is Rs. 1,16,088, of which Rs. 1,07,450 are proposed to be expended, leaving a balance of Rs. 8,638, which is less than 25 per cent of the receipts by Rs 16,759. The proposed expenditure has therefore to be reduced by at least Rs. 12 000. The Budget statement of charges will therefore be returned with a request that it may be revised and resubmitted, limiting the expenditure to Rs. 96,000, instead of to Rs. 1,07,923, as now estimated. A portion of the establishment charges is now shown under Miscellaneous. This is not right. All establishment charges should appear either under "II Head Office," "III Collections" or "VIII Public Works" and the necessary transfers should be made in the revised Budget to be submitted. All establishment entertained for the supervision of Public Works should be exhibited under "VIII Public Works (*a*) Supervision" and not partly under that head and partly under "(*d*) Drains" as has been now done. Every endeavour should be made not to allow the cost of establishment for the supervision of Public Works exceed 10 per cent of the works. The Government have no wish to interfere with the discretion of the Municipal Commissioners in revising their establishments, but it is absolutely necessary that a working balance of at least $\frac{1}{5}$ of the annual receipts should be maintained at the end of the year. It should be clearly understood that no proposals, which are calculated to diminish the closing balance below Rs. 20,000, will be sanctioned by Government.

The revised estimate of charges should be submitted as soon as possible.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 23rd September 1893.

READ —

Letters, dated 15th April and 11th May 1893, Nos 252 and 263 respectively, from the President of the Bangalore City Municipality, submitting the Budget Estimates of the Municipality for the year 1893-94

No. 5416-9—L. F. 11-93, DATED, BANGALORE, 23RD SEPTEMBER 1893.

ORDER THEREON.—Government observe that in Budget Form No. 1, in the column intended to show "sanctioned estimate for 1892-93," the figures which had been originally proposed by the Board were entered instead of those sanctioned by Government. Such mistakes should in future be carefully guarded against. The necessary corrections have been made in this office.

2. The estimated receipts for 1893-94 exclusive of those relating to the City Improvement Fund which is not included in the Budget, amount to Rs. 1,24,485 against Rs. 1,40,287, the actuals of 12 months of 1891-92 and Rs. 1,11,791, the sanctioned estimate for 1892-93, as shown in the following statement :—

3. *I. Octroi.*—The estimate is based upon the probable collections of 1892-93, which are given as Rs. 25,000. The estimate is fair and is accepted.

4. *II. Tax on Houses.*—The normal demand under this head is only Rs. 20,000, but the President expects in the ensuing year an income of Rs. 30,000 by the revision of the tax. It is premature to anticipate such a large increase before the tax is actually revised. Pending the early submission of a report on the result of the revision of the tax, the estimate will be reduced to Rs. 25,000.

5. *III. License Receipts.*—The increase of Rs. 1,270 under "Liquor Licenses" is not explained. The estimate will be reduced to Rs. 13,000. The increase under "(*b*) Other Licenses" is stated to be due to the proposed enhancement of slaughter house fees from one anna to 3 annas per head of cattle slaughtered. The proposal has not as yet been sanctioned. Therefore the estimate under this head will be reduced to Rs. 2,500, the actual collections of 1891-92.

6. *VII. Mohatarfa.*—The estimate under this head is the same as that sanctioned for 1892-93, but looking to the actuals of 1891-92, it will be raised to Rs. 19,600.

7. *IX. Fines.*—The estimate is based upon the probable collections of 1892-93 which amounted to Rs. 400. This however being an uncertain item, the estimate will be reduced to Rs. 100.

8. *X. Miscellaneous.*—The large decrease under this head compared with the actuals of 1891-92 is due chiefly to the marginally noted items of a non-recurring nature having been credited in the accounts of 1891-92, no such receipt being expected in 1893-94. The details of the estimate for 1893-94 under "X. Miscellaneous—(*m*) Contributions" are given below as contrasted with those of the sanctioned estimate for 1892-93:—

	Rs.
1. Sale of lands in the Western Extension...	6,546
2. Jubilee Fund	2,899
3. Special Improvements ...	11,193
4. *Refunds (decrease from 8,939 in 1891-92 to 200 in 1893-94)* ...	8,739
5. Other items (decrease from Rs 2,988 in 1891-92 to Rs 700 in 1893-94) ..	2,288
Total.....	31,665

4	Do Aralepete Dispensary	411	577	411

6	Do for Aralepete Dispensary for April, May and June 1892	1,121	...	...
	Total.....	8,180	6,750	7,251

9. *Item* 3.—The omission of the Government grant of Rs. 800 under this head is due to the resolution of the Board to transfer the Government Chattram to the Muzarayi Department. As this resolution has been vetoed by Government in Proceedings, dated 18th July 1893, No. 795—L. F. 421-92, the usual estimate of Rs. 800 will be entered in the present Budget.

10. *Items* 4, 5 *and* 6.—The sums payable towards the cost of the "Aralepete Dispensary" and "Chattram Hospital" are not Rs. 577 and Rs. 1,573 as

erroneously entered in the Budget, but only Rs. 411 and 1,440 respectively being two-thirds of the entire cost of these institutions amounting to Rs. 616 and 2,159. The correct figures will be adopted in the Budget.

11. The total estimate under "(*m*) Contributions" will thus amount to Rs. 7,251.

12. *Grants-in-aid.*—The estimate under this head does not include the contribution payable by the Sivaganga Matt, in regard to which certain information was called for in para 15 of Government Proceedings, dated 31st January 1893, No. 13214-19—L. F. 272-92. The estimate will be passed but the information called for must be submitted at an early date.

13. The estimated receipts as above sanctioned come to Rs. 1,16,736.

14. The opening balance is given as Rs. 27,377, but according to Government Proceedings, dated 18th July 1893, it is only Rs. 20,780, which will be adopted in the Budget.

15. Adding to the above balance the estimated income, Rs. 1,16,736, the sum available for expenditure during 1893-94, is Rs. 1,37,516, of which Rs. 1,13,777 are proposed to be expended as shown in the following abstract statement, leaving a balance at the end of the year of Rs. 23,739:—

16. *II. Head Office.*—Including the sum of Rs. 450 on account of the marginally noted items, which are erroneously included under "XI. Miscellaneous" though they should properly appear under this head, the total estimate comes to Rs. 7,803. The increase of Rs. 1,385 compared with the sanctioned estimate for 1892-93 is the result of a gross increase of Rs. 1,785 in the marginally noted items and of a gross decrease of Rs. 400 under "Audit charges."

F. 197-92 and 20906-7—L. F. 197-92 respectively, the amount that has to be entered on account of his pay (Rs. 200) and carriage allowance (Rs. 100) is Rs. 3,600. 18. *Items* 2 *and* 3.—The Board consider that the employment of a Record-keeper on Rs. 15 is absolutely necessary to arrange the records, which are in utter confusion and to maintain them in proper condition. Moreover the President proposes the employment of a Mutchi on the ground that the more valuable time of Clerks is often wasted on work, which a less expensive Mutchi can and ought to do. Accordingly a sum of Rs. 300 is newly entered on this account. The employment of a Mutchi on Rs. 10 is sanctioned permanently and of a Record-keeper temporarily for one year. Government expect that before the expiration of the period all the Municipal records will have been properly arranged, and the existing Clerk and *Record-keeper* on Rs. 25 per mensem should be able to maintain them in proper order thereafter.

19. *Item* 4.—The enhanced provision under "Contingencies" is approved.

20. *Items* 5, 6 *and* 7.—The necessity for the increases proposed is not explained. The estimates will however be retained, subject to explanation.

21. The omission of the provision for audit charges is due to the annual audit having been recently substituted by monthly audit in the Comptroller's office.

22. The provision under "II. Head Office" as now sanctioned thus amounts to Rs. 10,203.

23. *III. Collection*—(*a*) *Octroi.*—In view to reduce the charges under this head, the President proposes to dispense with the services of the Deputy Inspector and 5 Peons and to make no provision on account of Peons, badges and states that no further reductions in the still high percentage (18) of charges can be made except either by leasing out on contract the collection of Octroi or by increasing the number of dutiable articles without increasing the establishments. Government are not now prepared to pass orders on the question of farming out the Octroi collections nor can the dutiable articles be increased until the Municipal Regulation now under the consideration of Government is passed. Meanwhile however the proposal to dispense with the services of 5 Peons and to omit the provision for Peons' badges is approved. The usual provision on account of the salary of the Deputy Inspector will be inserted in the

Budget, pending the receipt of information called for in Government Proceedings, dated 17th July 1893, No. 688—L. F. 272-92.

24. *III. Collection.—(b) House and Mohatarfa taxes.*—The provision of Rs. 334 sanctioned in the Budget of 1892-93 on account of the pay of the City Amildar is omitted in the present Budget and in lieu thereof a sum of Rs. 120 is newly entered on account of the pay of a Gollar on Rs. 5 and a monthly increase of Rs. 5 proposed to the salary of the Shroff, who now draws Rs. 10 per mensem. This accounts for the net decrease of Rs. 214 under this head. The omission of provision for the pay of the City Amildar is in accordance with Government Proceedings, dated 27th February 1893, No. 14414-5—L. F. 197-92. As the Board consider that the employment of a Gollar and an increase to the Shroff are very necessary, Government are pleased to sanction the same and approve of the provision made in the Budget.

25. *IV. Conservancy.—(a) Establishment.*—The Board propose to do away with the services of the main Road Overseer as unnecessary, and recommend in lieu thereof the employment of 20 additional sweepers on Rs. 5 each, and the retention of all but 2 Dafadars, of the * temporary establishments disallowed in Government Proceedings, dated 31st January and 18th July 1893, Nos. 13214-9—L. F. 272-92 and 778-83—L. F. 272-92 respectively, on the ground of the utter inadequacy of the present strength of the sweepers to meet the wants of the City. The proposed employment of 20 additional sweepers at Rs. 5 each is sanctioned, but the Government consider that a further temporary establishment of 9 sweepers costing Rs. 45—12—0 per mensem is unnecessary and the provision made therefor will be struck out. The provision of Rs. 72 made for extra wages to 12 sweepers for working on Sundays will be retained, but the President should endeavour to avoid the expenditure. Surely with 212 sweepers the President should be able to arrange for 12 of them to work by turns on Sundays without additional wages, which are not allowed in the Cantonment. Under temporary establishment provision is made for a permanent dog-killer at Rs. 6 per mensem. The President is requested to state whether the usual rewards are paid to him in addition to his salary, whether one man is enough to do the work throughout the City and whether it would not be better to assign the work, as is done in Madras, to a number of professional men during the season when dogs are killed instead of employing a hand throughout the year. Pending information the provision made will stand. The total sanctioned estimate under this head subject to the explanation called for is Rs. 14,382.

26. *IV. Conservancy.—(b) Other charges*—The decrease is due to the omission of the estimate on account of the purchase of carts (for which Rs. 500 were sanctioned in 1892-93) and to the lower rate (Rs. 12) proposed to be allowed for each cart hired during 1893-94 instead of the higher rates sanctioned in 1892-93 on account of the unfavorableness of the season. The estimate is passed.

27. *VII. Lighting.*—The usual provision for a Lighting Inspector is omitted in the present Budget and an increase of Rs. 1,000 is entered to light 84 additional lamps during the year. The provision will be retained. The estimate of Rs. 1,750 made in the Budget of 1892-93 for purchase of lamp-posts and lanterns is repeated in the Budget for 1893-94. The necessity for repeating the estimate should be explained and the information called for in para 15 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92, submitted. Meanwhile, the provision will stand.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 23rd September 1893.

28 *VIII Public Works (a) Supervision*—The following items entered in the Budget for 1893-94 account for the increase of Rs 144 over the estimate sanctioned for 1892-93 —

		Rs
(1)	Increase to the pay of the Watchman at the Lal Bagh well ...	12
(2)	Do do at Hutchanna's well ..	24
(3)	Allowance to Sub Overseer for 12 months instead of for 6 months entered in the Budget for 1892 93	60
(4)	Watchman at the Fort Karanji ...	48
	Total.. .	144

29 *Items 1 and 2*—Having already been sanctioned in the marginally noted Proceedings, the provision made for the same is approved

1 No 1909 10—L F 272 92, dated 1st January 1893
2 No 1991 2—L F 11 93, dated 3rd August 1893.

30. *Item 3*—The increase is due to the provision made in the present Budget for 12 months for the allowance of the Sub Overseer, while the Budget for 1892-93 provided the charge for 6 months only in accordance with Government Proceedings, dated 13th February 1893, No 13704-5—L. F 272-92

31. *Item 4*—This was struck out from the Budget for 1892-93, and it is not explained why it is entered again in the Budget for 1893-94 Pending explanation, the provision will be struck out

32 *VIII Public Works (a) Road Watering Establishment*—The details of the provision are noted hereunder —

		Rs
(1)	2 Gardeners for Chattram Hospital	144
(2)	2 do for Fort avenues during rainy season or 6 months at Rs 6 each . .. .. } 4 do for the remaining portion of the year or 6 months at Rs 6 ... ... }	216
	Total .	360

33. *Item 1*—Gardeners for the Chattram Hospital were sanctioned for only one year It is not explained when they were employed and why provision for another whole year has become necessary The matter should be explained. Meanwhile the provision will be retained

34. As regards *Item 2* Government consider that the establishment proposed is too large for the up keep of avenues within the small area of the Fort and that the work may with advantage be entrusted to the ordinary Public Works and Conservancy establishments, 2 or 3 temporary coolies being employed during the hot weather for watering plants of short growth The President is requested to ascertain the wishes of the Board in the matter and report the same with his opinion thereon Pending the receipt of this information, the provision will be allowed to stand.

35. *VIII Public Works (b) to (o) Works*—Exclusive of the provisions made for the foregoing establishments, the allotment of Rs 33,328 proposed for works to be undertaken during 1893-94 is passed, subject to the submission of Estimates and Notifications of sanction.

36. *IX. Charitable Grants.*—The details under this head are given below :—

37 *IX. Charitable Grants. (a) Dispensaries* (1).—The decrease is due to the omission of the usual provision in the Budget for 1893-94 on account of the pay of the Hospital Assistant in charge of the Market Dispensary and of the cost of Europe Medicines, which the President proposes to transfer to Provincial, as such charges are debited to that head in regard to all Local Fund Dispensaries. Pending the issue of final orders on a separate reference submitted by the President in regard to the proposed transfer, the usual provision will be entered in the Budget on account of Europe Medicines and the pay of the Hospital Assistant as recently increased under Proceedings, dated 15th April 1893, No. 17023-5—L. F. 350-92.

38. *IX. Charitable Grants. (a) Dispensaries* (3).—A servant on Rs. 4 per mensem is proposed to be allowed to the Itinerant Medical Officer. Pending the receipt of the information called for in Government Proceedings, dated 1st August 1893, No. 1911—L. F. 272-92, this will be struck out. The estimate will stand at Rs. 650, which shows a decrease of Rs. 95 from last year's estimate owing to the removal of the Native Pandit from 1st March 1893.

39. *IX. (b) Hospitals, Chattram Hospital.*—The Budget makes no provision for the pay of the Hospital Assistant apparently on the ground that the pay of Hospital Assistants in Local Fund Dispensaries in the Province is met from Provincial Funds. The Government having in their Proceedings, dated 29th August 1892, No 3177-89—L. F. 91-92 directed that the cost including the pay of the Hospital Assistant should be borne by the Municipality and Local Funds General in the proportion of one-third and two-thirds, the necessary provision for the Hospital Assistant's pay will also be made in the Budget. The Government observe that the pay of the Hospital Assistant employed in the Market Dispensary is also borne by the Municipality entirely. If the President considers that the pay of the Hospital Assistants in these two Dispensaries should be debited to Provincial, he should make a separate reference giving his reasons A sum of Rs. 487* was sanctioned for 1891-92 on account of initial cost of the Chattram Hospital. A provision of Rs. 287 is again made on that account in the Budget for 1893-94, the necessity for the same not being explained. Another sum of Rs. 600 is also entered on account of medicines, bedding, &c. The President is request-

ed to explain whether the sum sanctioned for 1891-92 for initial cost was actually spent or not, and if spent, why provision is again made Meanwhile, the estimate will stand

40. *IX. (d) Maternity* —The following omissions made in the Budget for 1893-94 account for the decrease under this head —

		Rs
(1)	Gardener for 1 month ...	7
(2)	Do	3
(3)	Do additional female servant ...	6
(4)	Europe medicines	250
		266

41 *Item* 4 —The Board propose to transfer the cost of Europe medicines to Provincial, and make no provision whatever on that account in the present Budget. In lieu thereof the provision of Rs 638 on account of "Extra diet charges" and "Bedding and Clothing," which were specially sanctioned for one year in 1892-93, is repeated in the present Budget. In regard to the proposal to debit to Provincial the cost of Europe medicines, the President is requested to submit a separate reference and to explain the necessity for the charge of Rs. 638 referred to Pending such reference and explanation, the usual provision will be entered in the Budget for Europe medicines, but the item of Rs 638 will be struck out. Government observe that the Maternity and its management was made over to the control of the Municipal Board in lieu of the Police charges At the time of the transfer its maintenance cost was Rs 1,800 only but it now costs over Rs 4,000 in spite of the fact that the Municipality has been relieved of the pay of its supervising Medical officer Considering the paucity of funds for roads and drainage, the Municipality should see what retrenchments can be effected in regard to the Maternity and submit their proposals for the approval of Government.

42. *(e) Langarkhana* —The services of the Supervisor and Sweeper are proposed to be done away with, the distribution of grain doles in the Langarkhana being substituted by money doles in the Municipal office. Accordingly no provision has been made in the Budget on account of the pay of the two servants referred to, the allotment for doles being raised from Rs 1,686 to Rs. 2,686 which includes the special grant of Rs. 1,000 sanctioned for 1892-93, on account of the unfavorableness of the season and the consequent rise in the price of gram It is not explained, why the special provision of Rs 1,000 is repeated in the Budget for 1893 94 Meanwhile, the increased provision will be struck out and the usual allotment of Rs 1,800 entered in the Budget for charges connected with Langarkhana The above provision includes the pay of a Goller in regard to retention of whose services, the President has been requested to submit further information, *Vide* Government Proceedings, dated 3rd October 1893, No 6401—L. F 12-93.

43 *Chattram* —In view to transfer the management of the Chattram to the Muzarayi Department, the President provides under this head Rs 764 only being the net amount expended annually from Municipal Funds, exclusive of Rs 800 contributed from Muzarayi funds. As the Government declined to sanction the transfer of the management of the institution to the Muzarayi Department in Proceedings, dated 18th July 1893, No. 795—L. F 431-92, the provision of Rs 764 made in the Budget to meet the net expenditure hitherto incurred from Municipal funds will be raised by Rs 800 to meet the total cost of the institution. The details for the provision of Rs. 1,564 should be furnished at an early date.

44. *Pilgrims Chattram.*—The provision of Rs. 500 proposed on account of the maintenance of this Chattram will be retained subject to further orders on the receipt of the information called for in para 22 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92.

45. *IX. Charitable Grants. (g) Orphanage.*—The diminished provision, which is stated to be sufficient to meet the actual requirements, is sanctioned.

46. *IX. Charitable Grants. (h) Ward for Incurables.*—The proposed estimate under this head will be tentatively retained, subject to the early submission of proposals for the reduction of charges, called for in para 24 of Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92.

47. The total provision under IX. Charitable Grants as above sanctioned amounts to Rs. 16,578.

48. *X. Education.*—The following items are provided under this head:—

Items.	Details.	1892-93.	1893-94.
1	Grant-in-aid towards Sanskrit College	3,660	3,660
2	City Municipal Anglo-Vernacular School	5,518	5,548
3	Kannada Boys'School	2,065	2,130
4	Grants-in-aid to Schools	192	192
5	Oriental and Mixed Library	300	300
	Total Rs.....	11,735	11,830

49. *Item* 2. *City Municipal School.*—The sanctioned provision for 1892-93 under this head is only Rs. 5,206 and not Rs. 5,518 as erroneously entered in the Budget. Including the sum of Rs. 30 proposed to be added on account of the maintenance of a water-shed during hot season, the correct estimate is Rs. 5,236 (and not Rs. 5,548 as erroneously entered) which includes Rs. 215 specially sanctioned in 1892-93 on account of furniture purchased for the school. As the necessity for the repetition of this item of Rs. 215 has not been explained, the same will be struck out, but the new provision for water-shed, which is stated to be necessary is approved.

50. *Item* 3. *Kannada Boys' School.*—The estimates sanctioned under "furniture" for 1892-93 was Rs. 28 and not Rs. 16 as entered in the Budget. The estimate of Rs. 16 for 1893-94 will not however be disturbed. A new provision of Rs. 372 is made on account of increases to deserving Masters, &c., which the Board sanctioned, but which were disallowed by Government. The President is requested to explain why the disallowed provision has been re-inserted, and to furnish the information called for in Government Proceedings, dated 18th July 1893, No. 778-83—L. F. 272-92. Pending explanation the provision will be struck out.

51. The total sanctioned estimate under "X. Education" will thus amount to Rs. 10,931.

52 *XI Miscellaneous*—The provision made under this head is for the marginally noted purposes

	1892 93	1893 94
(*b*) Refund of excess collections	50	50
(*c*) Cattle pounds ..	450	600
(*d*) Rewards to dog and snake killers ...	250	250

(*h*) Other items	248	850

53 *XI. (c) Cattle pounds.*—The increase under this head is due to the provision made in the present Budget for the whole year on account of the recently established pound at the Alsur Gate, for which a provision for six months only was sanctioned in 1892-93 and on account of the pay of the Watchman for the Pound near the Market sanctioned in Government Proceedings, dated 15th May 1893, No 18994-5—L F 272-92, the provision for "Rewards to impounders and fodder charges" being reduced from Rs 180 to 132 As under Government Proceedings, dated 4th February 1893, No 13279-89—L F 139-92, no rewards are payable to seizers of cattle, the Deputy Commissioner is requested to state what portion of the sum of Rs 132 is intended for payment of rewards in view to the necessary reduction being made under this head Pending explanation, the estimate will not be disturbed

54 *XI (e) Gardens*—In the present Budget the marginally noted 2 items have been omitted and in lieu thereof a sum of Rs 118 is entered newly to meet the salaries of temporary hands to be entertained during hot weather and a further sum of Rs 60 for a Gardener to be employed at the Flower Garden near Alsur Gate The usual provision of Rs 240 on account of the Native Music will be inserted, pending the submission of the report called for in Official Memorandum, dated 1st July 1893, No 12—L F 272-92 But Government doubt the expediency of the proposed employment of a gardener on a pay of Rs 5 per mensem for the Flower Garden near the Cenotoph The garden measures only about 400 square feet, and the exclusive services of a Gardener for this small garden seems to be unnecessary The President is requested to explain how the garden was looked after hitherto, and whether the watchman at Hutchanna Bhavi whose pay has been now raised from Rs. 3 to 5 cannot be made to look after this garden also Meanwhile, the provision made on this account will be struck out The lump sum estimate of Rs 118 on account of extra Gardeners will be retained.

56 *XI (g) Fairs and festivals*—The diminished provision of Rs 250 made in the present Budget for the 'City Market Show' will be sanctioned

57 *XI Miscellaneous (h) Other items*—The marginally noted increases are included under this head. The necessity for the same not being explained, the provision will be reduced by Rs 300

No. 7786-8—883, DATED 15TH SEPTEMBER 1890

ORDER THEREON.—Extract of Para 1 of the Vice-President's letter will be forwarded to the Chief Engineer for report as to why the supplemental grant hitherto allowed to the City Municipality for the maintenance of the Provincial roads was withheld in 1889—90 and as to whether there are any District Fund roads within the Municipal limits of the City and if so to state their length and the amount payable to the Municipality on account of their maintenance under Public Works Department Circular, dated 20th December 1889, No. 97—98.

Para 8 of Government Proceedings of 9th May 1890, No. 1824-35—30.

Para 1 of Vice-President's letter, dated 9th August 1890.

2. *XII. Grant-in-aid.*—The omission in the estimate of the contribution payable by the Sivaganga Matt is stated to be due to the Matt not having remitted the amount since December 1888 notwithstanding several reminders. The Deputy Commissioner is requested to ascertain from the Matt and report whether it is willing or not to continue the subscription according to the promise contained in its Srimukha referred to in the Vice-President's docket, dated 18th September 1888.

Para 2 of Vice President's letter.

Para 9 of Government Proceedings.

4. *VIII. Public Works.*—Under the circumstances stated, the proposed alterations in the sanctioned provisions under Works involving a net increase of Rs. 900 over the sanctioned allotment will be made and the current year's estimate under the head raised to Rs. 38,417 including the items referred to in Para 3 *supra*

5. X. *Education.*—The increase of Rs. 364 provided on account of the Kannada schools is stated to be due to the increases given to some of the teachers as per Education Secretary's docket, dated 27th September 1890, No. 240, and to the new provision of Rs. 40 for furniture. But the Government observe that no express sanction was conveyed in the Education Secretary's docket above referred to. The President will explain if there is any order which sanctioned the increases. Moreover the sum of the increases recommended in the docket above referred to is only Rs. 14 per mensem or Rs. 168 per annum, while the increase provided for in the Budget, exclusive of the cost of furniture, is Rs. 354. This difference also should be explained. Meanwhile the provision will stand.

Government Proceedings Para 20. Vice-President's Para 4.

6. The charges as now sanctioned for 1890—91 amount to Rs. 1,07,262 as shown below :—

		Rs.
(1)	Amount sanctioned in Proceedings, dated 9th May 1890, No. 1824-35—30 ...	1,02,933
(2)	Do do 20th July 1890, No. 4161-2—412 ...	812
(3)	Do in Paras 3 and 4 *supra*	3,517
	Total.....	1,07,262

7. The estimated opening balance of the Municipality was reported as Rs. 21,498, but the Government observe that, according to the Municipal accounts for the month of March 1890, the actual balance in favor of the Municipality is Rs. 24,722. Adding to this the estimated receipts of Rs. 1,02,353, the sum available for expenditure during 1890—91 is Rs. 1,27,075. Deducting the expenditure of Rs. 1,07,262 sanctioned above, the probable balance at the end of the year will be Rs. 19,813, which is less than 25 per cent of the receipts by Rs. 5,775. The expenditure will have to be probably increased on account of Census charges. This will be considered hereafter when the estimate of charges is received.
